

Geo. G. Bushby Starts Speaking Tour Of Riding

Geo. G. Bushby, the Conservative candidate, went east on Monday night as far as Endako, the extreme end of Skeena riding, and there he started a speaking tour of the interior of Northern British Columbia. He is taking in all the points along the railway and off the railway. Wherever two or three are gathered together there he will be found in their midst. He will arrive back at New Hazelton on September 29 and will address a public meeting at three o'clock in the afternoon, and in the evening he will address a gathering at Hazelton.

Mr. Bushby is not only the Conservative candidate; he is a native of British Columbia, and a grandson of Sir James Douglas, the first Governor of this province when it became a Crown colony under the name of New Caledonia and who is regarded as the founder of British Columbia, the name which young province had adopted. The Conservative candidate is a prominent business man of Prince Rupert. He has a splendid record as a business man and is taken at par by all who have had the pleasure of his acquaintance or friendship. He is an orator of the first grade and he knows what he is talking about. He also has the happy faculty of getting what he goes out after. He is the kind of man that Skeena riding wants at Ottawa, no matter what government is in power. As stated above, Mr. Bushby will be here next Tuesday afternoon, and every man and woman should make it a point to attend that meeting and hear what he has to say, and to get acquainted with the next representative from Skeena riding at Ottawa.

Sealy & Doodson Plan Finds Favor Among Farmers

The movement started by Sealy & Doodson, of Smithers, to market the farm products of the Bulkley Valley is meeting with splendid success. Many farmers have already sent in lists of produce they have for sale, and within the next few days it is expected that most of the farmers and producers of the interior will have taken advantage of this opportunity.

The plan Messrs. Sealy & Doodson have in mind is, first, to find out what stuff is available for sale, and then they will sell it. The second object they have in view is to gather all the produce at Smithers, where it will be graded and packed and made ready for market. They have at the present time cold storage, killing property, and feeding grounds, and they have started to erect another large warehouse on their retail property for handling roots, vegetables, butter, eggs, chickens, etc. They have plans on foot for another large warehouse at the railway for handling hay, grain, etc.

In regard to beef cattle, they will expect them to be driven to their premises just outside the town. Beef cattle is one product that can be driven a considerable distance in the fall of the year without any loss of flesh, and the secret of marketing beef is to have it in the proper condition and to kill it and dress it in a uniform manner. In fact, the secret of marketing all produce, whether farm or factory, is to have it uniform, and that is just what Sealy & Doodson propose to do—make it uniform. The farmer can bring it to a certain point, and then Sealy & Doodson will do the rest.

It is an ambitious plan this firm has, but if the farmers of the interior will unite with them it will be the greatest thing that ever happened to the interior. It will put the interior products on the home market, instead of the home market being supplied from Alberta, Southern B.C. and the United States, which is at present the case.

H. C. Nichol, of Vancouver, a mining engineer who is taking the position of provincial district mining engineer at Kamloops, succeeding Major A. W. Davis, was a guest in New Hazelton of W. S. Harris over the week-end. Together they visited the New Hazelton Gold-Cobalt property on Rocher de Boule mountain, and Mr. Nichol was well pleased with the prospects there and the work that has been done so far. He left on Monday night for Kamloops to take over his new job.

U.S. Consul Was Greatly Charmed With Hinterland

Over the week-end E. A. Wakefield, American consul at Prince Rupert, was a guest of F. G. Dawson, director Canadian National Railways, and of W. H. Tobey, superintendent, on a trip through the interior. The went east on the train to Fort Fraser, where they attended a farewell to former Indian Agent McCallum. From there they motored back, taking in Burns Lake, and proceeding west through the great Bulkley Valley to Smithers. On Saturday afternoon they motored to New Hazelton, where they spent the week-end with C. H. Sawle. This was Mr. Wakefield's first trip into the interior. He gained information on this trip that he could not obtain from any number of reports. He saw what he believes to be one of the greatest tourist countries ever opened up, and he predicted that it would be the tourists who were going to realize the immense possibilities of this country from a commercial standpoint. While he was around New Hazelton he was given an opportunity to see considerable of the country, both from the hills and from the valleys. He was so enthused over the beauty of the hills and valleys, rivers and streams, that at times it was hard to get him to move along to new wonders.

Consul Wakefield is in touch with many American investors who are always looking for something to develop. He has seen this country, and he is now in a position to furnish his people with real information. He especially referred to the necessity of and the splendid opening here for a hotel of the class to attract tourists, and he saw several natural golf courses, and that is what the moneyed travellers are looking for.

The party left on Sunday afternoon on the freight for the coast after a most enjoyable trip. They had wonderful weather and everything turned out perfectly. The drive from Smithers to New Hazelton was not the least of their pleasures, even though they did not make it in less than three hours. D. D. Muirhead piloted the car, and he was accompanied by Hans Olson, of the Hanson Lumber & Timber Co. at Smithers. They returned home on Saturday night.

Masquerade Dance

The New Hazelton Community Club announce that the annual masquerade dance will be held in the hotel on Halloween Night, October 31st. Keep this date open for the big time. The proceeds will be in aid of the new school grounds.

G. W. Nickerson Contests Skeena As Progressive

On Monday last George W. Nickerson, of Prince Rupert, one of the first settlers in the North Pacific city, announced his candidature as a Progressive in the federal election contest on October 29. The Herald predicted some weeks ago that all was not well in political circles and that the electorate was not satisfied with the service, or lack of service, that had been rendered during the past four years by Fred Stork. Mr. Nickerson has been one of the leading Liberals in Prince Rupert. He is one of the most progressive business men there. He has done exceptionally well himself. But, like many others, he is not satisfied with Fred Stork as representative, and he firmly believes that the north and the interior is entitled to a better run for its money than what has been given during the past four years.

With Mr. Nickerson in the field, the fight will be between two of the liveliest wires in Prince Rupert—Nickerson and Bushby. Mr. Stork will be in the field, but it is not expected that he will get beyond the horizon. The campaign will be full of interest and the Mackenzie King government has an excellent opportunity of losing one of its rubber stamps.

Rev. Father McGrath, of Prince Rupert, arrived last Friday evening for his annual grouse hunt around New Hazelton. He has been coming here for several years, and this is the first time that he has been unable to get all the birds he could eat. He may yet bag a bear or a mountain goat, although the goat would have to come down to the lower levels before the Father could get a shot at him.

Opened 25 Years Ago, St. Peter's Commemorates

St. Peter's Church, Hazelton, is an old church in a new country. While the Anglican Church was represented there years before, it was in October, 1900, that the present building was opened by the late Rev. J. Field. To mark the completion of the 25th year of its existence, a special anniversary service will be held at 8 p.m. on Wednesday, October 8, which date also coincides with the arrival of Bishop Ridley in 1880. The Right Rev. R. U. dePencier, Lord Bishop of New Westminster, will partake in this service, for which special music has been arranged. All are invited to attend.

The church has recently been placed on new foundations and is being repainted. The funds for these improvements have been raised locally, and the sum of \$100 is required to complete payment. It is hoped that all interested and those who have derived benefit from the erection of St. Peter's will help to make this payment possible before the anniversary service takes place.

Rally Day Services will be held in the New Hazelton church on Sunday morning at eleven o'clock when the Sunday pupils will put on the program. Badges won by the trail rangers will also be presented. All are welcomed.

The girls in New Hazelton are giving a dance in the hotel this Friday evening. Good music. Good eats. Admission, men \$1 ladies 60c.

Sydney Bazzett-Jones arrived on Saturday night to spend two or three weeks in the great outdoors. He spent the week-end with friends in town and on Monday accompanied A. Roy McDonnell on a trip into the hills and valleys north, west and south.

George G. Bushby

Conservative Candidate for the Federal Riding of Skeena, will address PUBLIC MEETINGS in

NEW HAZELTON
at 3 p.m. and in

HAZELTON
Assembly Hall at 8 p.m.

Tuesday, September 29th

ALL ARE INVITED TO ATTEND

You Need A New BATHING CAP This Season!

We have a wide assortment of colors and styles, some prettily decorated, others quite plain. The Submarine style is quite new. It has ear pockets to take the pressure off the ears and keeps the water out. The Submarine sells for..... **\$2.00** Other styles range from 25c. to \$2.00.

RUBBER BAGS, to carry bathing suit and towels, from \$1.75 to \$3.75
EAR STOPPLES to protect the ears when swimming, per pair.....25c.
WATER WINGS, to give confidence while learning, per pair.....50c.

BRITISH COLUMBIA

THE MINERAL PROVINCE OF WESTERN CANADA

HAS PRODUCED MINERALS VALUED AS FOLLOWS:—

Placer Gold	\$ 77,382,963
Lode Gold	118,473,190
Silver	68,824,579
Lead	70,548,578
Copper	187,489,378
Zinc	32,382,953
Coal and Coke	260,880,048
Building Stone, Brick, Cement, etc.	42,225,814
Miscellaneous Minerals	1,431,849
Making mineral production to the end of 1924 show	
AN AGGREGATE VALUE OF	\$859,427,386

The substantial progress of the mining industry in this province is strikingly illustrated in the following figures, which show the value of production for successive 5-year periods:

For all years to 1895, inclusive	\$ 94,547,241
For five years, 1896-1900	57,605,967
For five years, 1901-1905	96,507,968
For five years, 1906-1910	125,534,474
For five years, 1911-1915	142,072,603
For five years, 1916-1920	189,922,725
For the year 1921	28,066,641
For the year 1922	35,153,843
For the year 1923	41,304,320
For the year 1924	48,704,604

PRODUCTION DURING LAST TEN YEARS, \$372,604,725

Lode mining has only been in progress about 25 years, and only about one-half of the Province has been prospected; 200,000 square miles of unexplored mineral bearing lands are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than any other Province in the Dominion or any Colony in the British Empire. Mineral locations are granted to discoverers for nominal fees. Absolute titles are obtained by developing such properties, security of which is guaranteed by crown grants.

N.B.—Practically all British Columbia mineral properties upon which work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

The Honourable The Minister of Mines
VICTORIA, BRITISH COLUMBIA

To the Electors of Skeena

I have decided to offer myself as a Candidate under the banner of the Progressive Party, which under the leadership of Mr. Robert Forke is MAINLY RESPONSIBLE for the construction of the Prince Rupert elevator. Proof of this is given in the statement to the press by Mr. Forke, when he assumed the leadership of the Party prior to 1924. Condensed, it was about as follows: "We will support the Liberal Party as long as they are prepared to give us what we consider to be in the interests of the West, one of which is an elevator at Prince Rupert."

The Progressive Party are also responsible for the reduction in the freight rates on grain moving west, and they represent the producers of the wheat that we hope to see flowing through this Port. Therefore, it is in your interests to get behind these men, the only Party which still retains faith in Sir Wilfrid Laurier's policy of rolling back the map of Canada and making it broader and Better.

So far as the Tariff is concerned, we find at the last session that the Liberals voted against the Progressives on a resolution endorsing the principle of low tariffs, and against the Tories on one of raising the Tariff. The party that I represent stands for a policy that will put the development of our natural resources in a position where those engaged therein can meet their competitors in the world's markets.

The old parties have played 'political football' with the problem of 'Senate Reform' for years, and notwithstanding all that Premier King has had to say on this question, during the last two years, his only solution is to appoint more Liberals. We, however, stand for the principle of an elective Senate.

Liberalism as exemplified by Sir Wilfrid Laurier and his predecessors has been discarded by the King Government, leaving the Progressive Party as the only real exponents of Liberal principles, who refuse to sacrifice the best interests of western Canada and the Maritime Provinces to the 'monied kings' of Montreal and Toronto.

Our stand on immigration is that the successful and contented settler is the natural and best immigration agent, and that it is not in the interests of the country to spend the Public money on propaganda and on subsidies to immigration and shipping agencies while our people are emigrating, in such large numbers, to the United States.

My stand on vital local issues, such as a square deal for our halibut fishermen in their home port, a steamship service for the Island that will have a tendency to establish a fishing and farming population by enabling them to get their produce to market, equal treatment with Vancouver

by our Railway and Steamship line, and all other issues affecting the welfare of this constituency, is well known to you. For these principles I shall continue to fight.

I will be delighted to discuss all questions in open debate with the Liberal and Conservative candidates, at as many points within the riding as can be mutually arranged.

My election will be carried on mainly by friends who are interested in the welfare of Central and Northern British Columbia. We have not the advantage of an extensive party organization, therefore it behooves those who believe that the interests of western Canada can best be served through the Progressive Party to do all in their power to win this election. It is conceded by the press and the public that the Progressive Party will retain the balance of power for the next Parliamentary period, as they have during the past four years.

Lack of money and time prevents me visiting all parts of the Riding. Those whom I cannot visit, will I trust, vote for me on the record of the Progressive Party.

Sincerely yours,
G. W. NICKERSON.

LUMBERING MINING HORTICULTURE

Neil Kennedy, who, with his mother and sister, spent the summer on the Eby ranch, left with them on Sunday for Vancouver.

The geological survey party which has been working in the Skeena-Bulkley section this summer, under the direction of Dr. George Hanson, wound up its season's operations last week, after a survey of the Copper River area. The members of the party, which consisted of R. H. B. Jones, J. T. Ramsell, R. A. Henderson, S. Gibson, K. Morrison and Andrew Mowatt, have left for their various homes.

L. H. McKay left on Sunday for Anyox, where he will spend the winter.

George G. Bushby, of Prince Rupert, Conservative candidate for Skeena in the forthcoming Dominion election, was in Terrace over Sunday. On Saturday he addressed a gathering of local Conservatives in the G.W.V.A. Hall. At a later date he will speak at a public meeting of the townspeople.

E. A. Blow, of Winnipeg, spent several days in the Kalum Lake district last week, and returning was accompanied by H. H. Hopper.

Mrs. Robert Howland, who has been visiting her sister, Mrs. J. McConnell, has returned to her home in Vancouver.

Mrs. W. H. Burnett chaperoned a party consisting of Misses Dobb, Andrews and Mallott, and Messrs. Notzel, Simmons and Walberg on a goat hunt on Copper Mountain during the week-end. They came home without the goat, but enjoyed the outing immensely.

Milton Laidlaw, of Vancouver, inspector of hotels and beer parlors under the Liquor Control Board, was in the district this week. Mr. Laidlaw is no stranger in the north, for during the pioneer days he operated a sawmill, hotel and store at Burns Lake, and is well known all along the line.

Mr. Welber, of the Naas River settlement, who passed through Terrace a week ago on his way to the coast, returned to his home via Kalum Lake on Thursday.

Terrace was visited by its first breath of winter on the 16th, when a slight frost was registered at night. Some of the more tender plants plainly showed its visitation the next morning.

W. E. VanMeter of VanArsdol caused considerable excitement in town on Tuesday among prospectors and the mining fraternity in general when he exhibited samples from his latest strike on Copper River about a mile and a half from VanArsdol. The ore was silver-lead and grey copper of very rich contents and the vein opened up showed a width of five feet. Some of the local prospectors left on Tuesday afternoon to inspect the find.

R. H. Leighton of the forestry department was here this week enroute to Thornhill mountain to see what the chances were to establish a lookout station there to serve the Kalum and Lakelse valleys.

The Hopper-Davis Co. of Kitsumkalum Lake has acquired the Dr. Hanson pack train and will use it in connection with their operations at the lake.

The first carload of mixed vegetables this season is now being loaded by Kenney Bros. & Co. for Prince Rupert. Numerous smaller shipments have been sent out by individuals.

J. R. Wells left for his home in Seattle Saturday after spending some time at Kalum Lake where he is interested in the Black Wolf

Miss Marian Christie left for Rupert Wednesday to take a position in the city hall

Card of Thanks

Mr. Paul Waiz and M. and Mrs. de Kergommeaux and sons wish to thank their friends and neighbors for kindness and sympathy received during their recent bereavement.

Announcement

Mr. and Mrs. H. L. Frank, Terrace, B. C., announce the marriage of their eldest daughter, Luella Catherine, to Theophilus Elwood Brooks, to take place on Tuesday, September 29, 1925, at 8 o'clock p.m., at Knox United Church, Terrace, B. C.

Examining Claims

O. P. Brown who is extensively interested in mining claims on Thornhill mountain, returned to Terrace this week after an absence of several months in the eastern United States in the interests of his mining activities here. He brought with him on his return W. J. Elmendorf, a mining engineer of Seattle, who is well known throughout all the mining camps of the West and who has been in close touch with the principal mining developments in British Columbia. Both immediately proceeded to the claims of Mr. Brown with the expectation of spending some time examining the properties which he has under bond.

Interior Geology Reports Issued

The Summary Report of the Geological Survey of Canada for 1924, Part A, has been published. It represents in concise form the results of work carried on by field parties of the Survey in Yukon and British Columbia during the summer of 1924. The economic phases of the work are stressed.

W. E. Cockfield describes the

geology and mineral deposits of the Upper Beaver River, Yukon, where the discovery of veins of argentiferous galena attracted a great deal of attention. Mineral deposits of Babine mountains are described by G. Hanson, who also describes the geology along the Canadian National Railway from Prince Rupert to Burns Lake. Reports are given by J. R. Marshall on the geology of the Whitesail-Tahtsa Lakes area, by V. Dolmage on the Chilko Lake area, and by C. E. Cairnes on the Pemberton area tributary to the Pacific Great Eastern Railway. A nickeliferous mineral deposit at Emory Creek is described by C. E. Cairnes, tungsten deposits near New Hazelton by M. E. Hurst, magnetite deposits of Texada Island by C. O. Swanson, and the results of deep borings by E. D. Ingall.

A copy of the report can be had by applying to the Geological Survey, Ottawa, or 510 Pacific Building, Vancouver.

TELKWA TALES

News from the Hub of Bulkley Valley

On Tuesday of last week Mrs. B. M. Hoops entertained at three tables of bridge, the prizes being won by Mrs. T. M. Owens and Mrs. W. J. Couldwell.

E. M. Hoops left on Sunday morning's train for Beaverdel, B.C., where he is associated with the Federal Mining Co.

Mrs. Cook has returned to her home in Vancouver after spending the past month with her daughter, Mrs. Couldwell.

Peter Powers left on Sunday morning's train for a trip and general airing at Vancouver and coast cities.

Mr. and Mrs. J. P. Wheeler were in Hazelton and Kispiox during the week-end.

Constable Fairbairn was home from Prince George over the week-end and made the acquaintance of his wee daughter and heir.

Constable Burger of the R.C. M.P., made a trip to Hazelton during the week.

L. F. Coles, of Vancouver, is on his annual pilgrimage through the north in the interest of ailing pianos, and visited Telkwa on this mission for a day or two.

Mr. Cochrane, principal of the Burns Lake school, was a visitor in Telkwa on Saturday.

J. MacDonald, of Moricetown, was a business caller in Telkwa during the week.

Mrs. P. Slavin has been at Fort Fraser for the past week.

Telkwa has been a favorite resort during the last month for book-agents and would-be comic shows. A book on "How to be Funny" should find a ready market among the barnstormers.

Mrs. and Mrs. F. W. A. Maclellan entertained a number of friends at bridge on Friday evening last.

Send in your subscription now.

Sealy & Doodson's meat truck will be in New Hazelton Thursdays, in Hazelton Friday mornings and South Hazelton in the afternoon. The driver will take orders for future delivery. 9tf

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to head.

Timber Sale X7106

There will be offered for sale at Public Auction, at noon on the 1st day of October, 1925, in the office of the Forest Supervisor at Smithers, B. C., the Licence X7106, to cut 540,000 lineal feet of Cedar Poles and Piling on an area adjoining Lot 2266, northwest of Hazelton, Cassiar District.

Three (3) years will be allowed for removal of timber.

Provided that anyone unable to attend the auction in person may submit a sealed tender to be opened at the hour of auction and treated as one bid.

Further particulars of the Chief Forester, Victoria, B. C.; or District Forester, Prince Rupert, B. C.

HAZELTON NOTES

Sourdough MacKay returned on Wednesday after a trip east.

Mr. James Proctor returned on Monday after a two weeks' holiday trip to coast cities.

Emily Wade, a native woman, wife of Ernest Wade and daughter of Silas Gun-gaut, passed away in Hazelton on September 17, at the age of 26. The funeral took place on Friday, service being held in St. Peter's Church, and interment was made in the Hazelton cemetery.

The best explanation we have heard thus far as to the scarcity of grouse this year was given by Cons. Cline. He says that whenever the rabbits die off all flesh eating birds devote their entire efforts to the grouse. The game clubs and the government might well put a bounty on owls, hawks and such birds that have little excuse for existing. There are no rabbits this year and no grouse either.

The Right. Rev. R. U. dePenier, Lord Bishop of New Westminster, is expected in Hazelton on Saturday, October 3, to officiate on Sunday at the Harvest Thanksgiving services in St. Peter's Church morning and evening, and at a baptism and confirmation service at 3 p.m. The following day he will accompany the Rev. T. D. Proctor to Kitwanga and Kitwano and at the latter point will conduct a confirmation service at 7.30 p.m., while at 3 p.m. on Tuesday he will perform a similar office at Kitwanga. On Wednesday the return will be made to Hazelton for the anniversary service.

On the triangle lot in the centre of town, containing about a fifth of an acre, Dr. Wrinch this week harvested seven tons of sunflowers and corn. That is at the rate of thirty-five tons per acre. The corn was twelve and a half feet high, and sunflowers which were planted around the outside were six inches higher.

The Horticultural Society is keeping up the supply of flowers on the train and propose to maintain the service until the end of the month. While frost has injured the tender plants in most places, right eown in Hazelton the dahlias are still blooming.

Miss Randall, inspector of the training schools for nurses, paid a visit to the Hazelton Hospital the first of the week. She found everything very satisfactory and on Tuesday she returned to Vancouver.

Mrs. Ferrabee, Dominion President of the Women's Auxiliary to the Missionary Society of the Church of England in Canada, will address the women and girls of Hazelton and district in St. Peter's Church at 3 o'clock this (Friday) afternoon. Mrs. Ferrabee has lately addressed similar gatherings in Vancouver, Victoria and Prince Rupert, and is a very able speaker. Refreshments are being served at the home of Mrs. S. J. Winsby at the close of the meeting.

Kispiox School Meeting

(FOUR-MILE)

A meeting of those interested in the Kispiox School will be held in the Schoolhouse on Saturday, Sept. 26, for the purpose of raising money to pay for the new school.

Eloquent White Space

is the ADVERTISING space enterprising merchants use in The Omineca Herald and The Terrace News to tell the folks of this district about their stores and their goods.

Good ADVERTISING is moving eloquence, too. It brings new customers to your store. It builds good will. It creates new business, moves goods, and makes bigger profits possible for the merchant.

ADVERTISING is a hardworking ally that should be co-operating with every merchant. Why not investigate its merits? Ask us about it.

Bill Willisroft Left Home to See the World

Bill Willisroft of Prince Rupert, a seven-year-old globe trotter blew into town Tuesday night on the eastbound train. He had got on the train at Rupert and by his confident manner and glib story he got by the train crew. He talked the chief on the train out of his dinner and when he got near New Hazelton he bumped into a traveller who lives near the boy. The traveller knew the boy and knew he had run away. Bill was taken in charge and put to bed at New Hazelton. Next morning he was fed and given a ticket back home with four bits for his lunch. But Bill was not yet ready to go home. He was out to conquer the world. He got off the train at Woodcock without the train crew missing him until later. Bill says he is much pleased with Woodcock and would like to make his home with Bill Little and the cows.

Chief Takes Long Trail

Edward Spaugh (Edward Clarke), second head chief of the Hazelton Indians, passed away on Tuesday, the 15th, after a short illness. For thirty years he was the leader in all Christian work, and also was head of the Council, showing at all times a willingness to do good among the natives. His funeral was held from St. Peter's Church on Saturday last and was very largely attended, by whites as well as Indians. The service was conducted by Rev. T. D. Proctor. Among those sending floral tributes were the following:

Sarah Smith, Selena Danes, Martha Simpson, Matilda Morrison, Emma Worres, Mary Wesley, Kate Harris, Hamit Brown, Marian Onguo, Cecilia Muldow, Sarah Oakes, Emma May, Matilda Danes, Jessie Lumm, Martha Stephen, Miss Julia Clifford, Martha Gaad, Mr. and Mrs. R. S. Sargent, Rev. T. D. and Mr. J. Proctor, Mr. and Mrs. E. E. Cox and Family, Mr. and Mrs. Hankin, Mr. and Mrs. A. E. Falconer.
